

# Zimbabwe Missions August Report

BY ALEC SANDU

## National Conference

What a blessing it was for me to attend the National Conference from 12-17 August. The conference was a bit costly but it was worth attending because of the spiritual and physical benefit I gained. About 1000 believers from all over the country gathered together to praise and worship the Almighty God. The praise and worship team was just awesome. Every day we felt drawn nearer and nearer to the presence of the Lord during the praise and worship sessions. Also the National Executive had thoughtfully and prayerfully chose the most gifted preachers. Every sermon was so inspiring and edifying. I really felt renewed and uplifted in spirit. It was also amazing to meet my colleagues and share our ministries. Some are really doing very well and I could see God's hand in their ministries.

Sharing our experiences, challenges and successes was indeed encouraging. When I shared my ministry many were so encouraged and got interested to come to Binga and attend my conferences.

## Binga Conference

We conducted our August annual conference in Binga from 28-31. This was one of the best conferences in Binga. It was well organized and everything went on very well under God's grace. A team of prayer warriors met several days at the conference venue praying for travel mercies, power over evil spirits, healing over illnesses and sicknesses, and powerful messages. God listened to their prayer.

We had good and efficient PA system than ever before, therefore our music was so inspiring and we felt really connected to God. We had more villagers coming in the evenings apparently for music, but after music we had evangelists preaching. 6 people accepted Christ and were baptized. Many brothers and sisters received healing, a few testified immediate healing in Jesus' name. Some were set free from the bondage and torturing of evil spirits. I give all glory to God for the living testimonies I am still receiving from the brothers and sisters. The same God of yesterday, today and tomorrow is still at work.

Among the vibrant preachers, we had our National Vice President pastor F Mate as our Guest. He took us through marriage lessons and we're expecting to have happier and more sustainable marriages. I honestly enjoyed the rest of sermons from different gifted preachers. God used His preachers in a mighty and wonderful way.

We had enough food to feed a gathering of 455. We slaughtered one big ox and several goats. We ate enough and still had surplus.

Every one went back home blessed and rejoicing.
