

# Zimbabwe Missions End of Year Report

BY ALEC SANDU

## A Special Thank-You Note.

I just want to express my deepest heartfelt gratitude for your dedication to support my ministry in Zimbabwe. I totally believe that you wholeheartedly supported my ministry not because you have too much money, but it's because of your great love and zeal to see God's work expanding in Zimbabwe. I am further overwhelmed at your kindness and generosity prompted by the Holy Spirit for sharing your resources with me for my daily welfare. I have humbly learnt that God is not only concerned about His work but is also concerned about my welfare as His servant/worker.

May I humbly and sincerely inform you that your financial support or your word of encouragement had great impact in my family and ministry throughout the year 2025. Just to outline a few:

My family had enough food at the table. Not even a single night had we gone to bed with empty rumbling stomach because of hunger. I have been able to pay School fees for my granddaughter and other vulnerable children. As a family we were able to travel to some important places and to attend our conferences.

I was able to organize and conduct all our crucial conferences such as Youth conferences, Women's fellowships, Pastors' seminars, August annual conference etc.

God's work is bit by bit growing up nicely. This year we managed to have 99 converts from all our Churches. Also the Lord enabled us to plant two Churches; one at Tobwe with an attendance of 51. And another one at Victoria Falls with 55 attendants.

All these and other achievements would not have been achieved without your significant financial support. I believe the more support I get the more work I will do in Jesus' name.

May the good Lord continue to bless you abundantly and protect you and your loved ones. Me and the whole ministry are forever grateful for your unwavering support.

## Prayer requests:

- 1). Pray for continued regular support.
- 2). Pray for more partnerships in the ministry.
- 3). Pray for my relationship with my supporters to be stronger and stronger every day.
- 4). Pray for me to be a humble, faithful and useful instrument of God in His Field.

In His Service

Alec
