

Zimbabwe Missions May Report

BY ALEC SANDU

We had a wonderful time for sharpening each other as pastors and wives as from 19th to 24th of May. It was amazing time for sharing our experiences, breakthroughs, visions and challenges in our lives and ministries. It was indeed good earnestly praying for each other as coworkers. Some needed not only prayers but counseling as well. Our leadership seminar was like a Hospital where every patient gets his or her special attention and treatment. it was just awesome.

Also there was great joy of sharing material blessings. I and Ellina had bought a bale full of shirts for all pastors. Each one chose five special shirts of their own choice. 27 male pastors benefited. I remember when they were thanking God they said, "We have never bought 5 shirts at once but today God has unexpectedly blessed us with 5 shirts." I was reminded of our golden days when Mr and Mrs Jim Fitch would send pastors boxes full of clothes from America. I hope Christ's love will continue to be demonstrated in action.

Zimbabwe Missions April Report

BY ALEC SANDU

We have resumed our regional gatherings after several months of break. Our youths started their fellowship with great renewed zeal, strength and passion for the Lord. They had vibrant and fruitful conference with tangible fruits of baptism, deliverance and healings in the Lord. Five girls surrendered their lives to Christ and were baptized. On the very first day of the conference, a young lady approached us (pastors). She looked worried and desperate because of dinner which was Sadza and goat meat. She had stopped eating goat meat from her childhood. She was allergic to goat meat. If she ate it she would have painful eyes, at times developed eye sores. Several goats were to be slaughtered as conference days progressed. We had no option but to earnestly and faithfully pray for her to eat goat meat with gladness and clear conscience. We gave all glory to God. She enjoyed eating the meat throughout the conference without bad effects.

The Bible quiz was fun yet educative. There was laughter throughout the session. Some youths were really prepared for the quiz and some were obviously not. Some exceedingly did pretty well and deserved prize.

Five days later we celebrated the death, burial and resurrection of our Lord at Jambezi Church. Hwange Church and Jambezi came together and celebrated the victory of Jesus. We had wonderful time of worshipping and praising God. We had great preaching from the host Pastor S Moyo, and from pastor J Sandu. Apart from enjoying spiritual food, we enjoyed eating watermelons. One Church member in Jambezi was very kind and generous enough to invite all the ladies from Hwange into her field to eat watermelons as much as they could. And indeed they ate as much as they could and even carried some to Hwange.

Our traveling to and from Jambezi was good. We had no breakdown. We thanked God for traveling mercies.
